CONVEYING MACHINES - MODEL FBC

AIMS presents miscellaneous type of Conveying Machines to move material.

VIDEO: https://youtu.be/_tLP1wg11ic

Continuous / Intermittent flat belt conveyor Model FBC – 1500 with PVC conveyor belt of size 300 mm width X 1500 mm long & 900 mm height Stainless steel machine, having a variable speed of appx. 13 meters / min. It has adjustable guides on both sides for straight guiding of pouches, labels, cartons, bottles, cans, etc. & is suitably designed to provide proper conveyance to objects for proper Ink Jet Printing (Model IJP-P2128 / Prodigit).

FEATURES:

- Length Width & Height to suit your requirement
- Rugged Heavy Duty Machine with Sturdy Steel Base
- Roller / Belt / Slat Conveyor with Optional Variable Speed
- Belt will be imported German Endless PVC Sandwiched black coloured Belt.
- Rollers will be of M.S., Plated with required crowning for tracking purpose
- Frame will be of M.S. Fabricated and powder coated structure. (Dark Blue).
- M.S. adjustable Side guides will be provided for product alignment.
- All bearings will be of reputed make like SKF/TR/KG etc.
- All nut bolts will be of high tensile make.
- System will be provided with Tensioning and Tracking arrangement.

High Speed Auto-Feeding Stacker with Conveying System Model SCS – 1500 of size 300 mm width X 1.5 Meter long & 900 mm height Powder coated steel machine for automatically dispensing pouches, labels & cartons (Max. size 300mm X 200mm) from the stack at high speeds. This finds wide usage with the Ink Jet Printers (Model IJP-P2128 / Prodigit) & can be used to automatically feed large quantities of Labels, Pouches & Cartons at high speeds with guaranteed accuracy for picking of single item from the vertical or slanted stack. The labels, pouches or cartons are stacked on the slanting tray (Dispenser) for feeding, automatically picked up by the pick-up rubber friction insert, fed below the Print Head one by one via guide track and timing chain & stacked back in the collection tray automatically at very high speeds. This is a rugged Heavy Duty Stainless Steel Machine which can be customized as per design & requirement. *The labels / pouches (& cartons) are stacked and automatically fed by slant magazine at speeds of 60 / 90 / 120 per minute.*

FEATURES:

- Fully automatic label/carton/pouch feeding unit, easy controls, nice and quick adjustments, compact size, counting arrangement (optional), high speed.
- Suitable for most types of Labels & Cartons as in the Pharmaceutical Industries. Can also be used for dispensing PVC shrink sleeves*, pouches* & bags* but restricted by the size & thickness of film.
- Fully Electro-Mechanical machine with parts of steel and sintered bronze to give years of maintenance free operation.

Truck Loading Conveyor Model TLC – 100. We offer high quality & high capacity Truck Loading Conveyor that is used in loading boxes and gunny bags into truck and used for moving them into higher places for stacking purposes. *Our clients can avail these at competitive prices and we meet customized requirement.*

FEATURES:

- Length Width & Height to suit your requirement
- Rugged Heavy Duty Machine with Sturdy Steel Base
- Roller / Belt / Slat Conveyor with Optional Variable Speed
- M.S. adjustable Side guides will be provided for product alignment.
- All bearings will be of reputed make like SKF/TR/KG etc.
- All nut bolts will be of high tensile make.
- System will be provided with Tensioning and Tracking arrangement.
